

The Dynamite 7 Habits Song

Let's start with one, one, one, one

Be proactive and get things done, done, done,
done

I am in charge of me, it's fun, fun, fun, fun!

That's what you get with Habit One, one, one one.

Yeah, Yeah

What's Habit Two, two, two, two?

Because we know there's more to do, do, do, do

We have the end in mind, it's true, true, true, true

We must begin before we're through, through,
through, through

Yeah, Yeah!

It's Habit Three, three, three, three

Put first things first, that is the key, key, key, key

It's just a better way to be, be, be, be

Manage your time with this, it's free, free, free,
free!

Yeah, Yeah!

I throw my hands up in the air sometimes

For the Seven, Seven Habits

I'm working every day to change my life

With the Seven, Seven Habits

'Cause we gon' rock this school

We gon' do this right

We gon' learn these things

So we can take flight

We are they Rock Creek Hawks

With habits in our sight

We gon' learn these things

So we can take flight

Next, Habit Four, four, four, four

To think win-win

Is not a chore

That doesn't mean we're keeping score

It's just a goal that we work for

Yeah, Yeah!

It's Habit Five, five, five, five

We understand each other's lives

We listen hard; we don't deprive

Then our relationships can thrive

(Chorus)

Next, Habit Six, six, six, six

Working together is our trick

We synergize without conflicts

Then our ideas can intermix

Yeah, Yeah

Balance feels best

The Seventh Habit is expressed

Sharpen the saw to not get stressed

This gives us time to reinvest

Yeah, Yeah

(chorus)
